

Dear supporters, dear friends,

In the first year of operation of our Association "Salvami" we were able to support the fight against the rampant scourge of stray dogs in several municipalities of Northern Calabria. Thanks to the continuous commitment and enormous work of our volunteers many dogs and cats have been taken care of, and many of them have found a family. Equally we would like to thank you all for your help and financial support that has made it possible to provide the necessary measures regarding prevention, treatment and adoption of the concerned animals. We are convinced that now is not the time to halt our endeavours!

So please assist us with your annual membership fee of 50 €.

ACTIVITY REPORT FOR THE FIRST YEAR OF OPERATION

From May 17, 2019 to July 27, 2020 the non-profit association "Salvami" for animals having a right to live, has achieved the following results:

- 104 supporters have been enrolled
- 163 dog and 26 cats were adopted
- 43 dogs were sterilized, 21 surgeries and 7 orthopedic interventions were made and 181 cats and dogs have been treated, all paid for by the association "Salvami"
- 2'400 Peridon tablets for fighting Leishmaniasis disease, 100 doses of vaccines and 200 kg of animal food have been donated to the Tortora kennel
- 6'500 € worth of medicines, 300 deworming medications and 100ml of antiparasitic liquid have been purchased
- oversight presidiums concerning sanitary prevention have been held in the communes of Tortora, Praia a Mare and San Nicola
- 320 doses of vaccine were purchased and administered
- 20 voluntary hours/week were provided for in the Tortora dog kennel
- contractual agreements were stipulated with the following vets: Drs. Francesco Corrado in Paola, Gianfrancesco Gentile in Tortora and Carmine Colantonio in Scalea

WE NEED YOUR HELP FOR THE FOLLWING:

- launching awareness campaigns about the scourge of stray dogs
- create special days dedicated to vaccinations and microchipping for our four-legged friends
- helping families during the various stages of adoption
- raise the awareness level of communal administrations responsible for the phenomenon of stray dogs on their territories
- inform the public of how to handle the phenomenon and who to contact regarding the reporting of the abuse of animals
- propose guided visits to dog kennels for schoolchildren and meetings with students to inform them of how to help stray dogs by finding a new home for them, thereby creating a harmonious relationship between humans and our four-legged friends

WHAT CAN YOU DO PERSONALLY?

- Become a supporting member
- Collaborate with our association as a volunteer for the protection of animals
- Make a contribution, donation or similar to "Salvami"
- allot your 5 % tax revenue donation to the association (only for Italian taxpayers)
- adopt a dog or cat via the association
