*While the world cries, "You can't save them all!"
... hope whispers, "And if it's just one, try!"*

The non-profit Onlus Salvami was created in 2019 by volunteers to support animals' right to life.

We are guided by great love towards creatures who are capable of loving us without asking for anything in return!

Salvami cares for abandoned and endangered dogs and cats in the Tortora, Calabria area. On 10/29/2022, our Salvami Dog Park opens: it will make it possible to safely and lovingly take in dogs from the moment they are found to adoption, while waiting for a family who's ready to give them the warmth of a home, a caress and REAL LOVE!

How can I support the Salvami Association?
